## Who We Are

Since 2006, AMAC has made the job of providing alternatives to standard print class materials for students with print disabilities much easier to accomplish. Using cutting edge technology, AMAC produces alternative media in the right format, in a timely fashion, and with consistent quality. Our mission is to:

- *Remove barriers and provide access to knowledge for individuals with physical, sensory, and learning print-related disabilities*

## What We Do

We offer services to meet the individual needs of students with print disabilities and the institutions serving them. These services include:

- Alternative media production
- Variety of electronic file formats
- Electronic text and image formatting
- On-line alternative media library
- Web-based data management system that tracks student orders, media production, and download history
- Assistive technology software and hardware
- Broker to national repositories
- Monthly student reports
- Individual and group training

## How Membership Can work For You

- **Protection** against copyright infringement
- **Compliance** with the Individuals with Disabilities Act and the Americans with Disabilities Act standards to provide students with print disabilities equal and timely access to materials
- **Education** for institutional information technology departments, faculty, and staff on accessible digital media and accessible technology through the incorporation of universal design for learning
- **Development** of self-advocacy skills as students learn to independently access electronic-text, image, and audio files, along with the associated assistive technologies
- **Access** to a powerful data management tool to search, order, track, and report on student access to alternative media

## Special Products

- **Braille conversion** is available for non-members through a fee-for-service program
- **Student Accommodation Manager (SAM)**. SAM is a web-based data management system designed for postsecondary disability service offices to effectively coordinate the student accommodation process. SAM serves as a repository for forms and can auto-generate accommodation letters.
