

### **AMAC Basic Membership**

The Basic membership is AMAC's fee-for-services option. Institutions are billed at our standard low rates for high quality products and services. The Basic membership provides training and technical support to ensure the customer receives the most out of this membership. However, this membership does not include assistive technology or discount prices on other AMAC products (see the AMAC FY12 Media Price and Description Information page).

#### **Web-Based Management Software**

- Access to NEON-Light AMAC's web-based application for ordering and delivery

#### **Alternative Media Production Service**

- Requesting publisher files, purchasing hardcopy textbooks, and converting media to accessible formats
- Access to AMAC's Textbook Library of thousands of titles at a discount of **70%** off the original cost of conversion

## AMAC Deluxe Membership

The Deluxe membership is designed for institutions that have ongoing requests for alternative media and assistive technology. The Deluxe membership has an annual fee of \$1,500 for access to a web-based application for ordering, delivery, tracking and reporting. Additionally, the Deluxe membership includes access to 20+ assistive technology software applications, access to AMAC’s Student Download Center and a toll free technical support phone line.

Deluxe members will be billed monthly for alternative media orders at the standard production rates (see the AMAC FY12 Media Price and Description Information page).

### Web-Based Management Software

- Access to NEON AMAC’s web-based application for ordering, delivery, tracking and reporting
- Student Textbook and Software Download Center

### Alternative Media Production Service

- Requesting publisher files, purchasing hardcopy textbooks, and converting media to accessible formats
- Access to AMAC’s Textbook Library of thousands of titles at a discount of **70%** off the original cost of conversion
- AccessText Network premium membership, a value of **\$500**
- **10%** off braille services
- Free braille tests

### Assistive Technology Software User License

- 20+ software applications available including: Text-To-Speech, Magnification w/ Speech, Screen Modification / Colorization, and Writing & Spelling software
- Distributed directly to students participating in AMAC services
- Software user license covers institutional computer systems overseen by the disability service office

### Support Services Summary Table

Training	Technical Support
Access to the Student Download & Training Center	Member services support for disability service providers
Access to on-line training resources	Toll-free technical support for disability service providers and students
Regular monthly on-line AMAC trainings (free or discounted)	
Professional development training (free or discounted)	
Discounted registration fees to AMAC membership conferences	

### Deluxe Member Discounts

- Student Accommodation Manager (SAM): Premium and Deluxe memberships receive a **25%** price discount (\$450) on the annual application license price. The FY12 annual application license price is \$1,800 or \$1,350 discounted
- Professional development training (free or discounted)

## AMAC Premium Membership

The Premium membership is designed to offer educational institutions a complete package of student accommodation products and services. Customers will have access to AMAC’s web-based application for ordering, delivery, tracking and reporting. The Premium membership also includes access to 20+ assistive technology software applications, access to AMAC’s Student Download Center and a toll free technical support phone line.

The Premium membership is calculated based on the institution’s total enrolled student population for the previous school year multiplied by \$1.32. Additionally, customers will receive up to 120% of their annual fee applied to purchases of AMAC alternative media production services before being billed monthly at standard production rates (see the AMAC FY12 Media Price and Description Information page).

### Web-Based Management Software

- Access to NEON AMAC’s web-based application for ordering, delivery, tracking and reporting
- Student Textbook and Software Download Center

### Alternative Media Production Service

- Requesting publisher files, purchasing hardcopy textbooks, and converting media to accessible formats
- Access to AMAC’s Textbook Library of thousands of titles at a discount of **70%** off the original cost of conversion
- AccessText Network premium membership, a value of **\$500**
- **25%** off braille services
- Free braille tests

### Assistive Technology Software User License

- 20+ software applications available including: Text-To-Speech, Magnification w/ Speech, Screen Modification / Colorization, and Writing & Spelling software
- Distributed directly to students participating in AMAC services
- Software user license covers institutional computer systems overseen by the disability service office

### Support Services Summary Table

## AMAC FY12 Media Price and Description Information

Media Price Formula: # of print pages (x) production rate + \$20.00 processing fee

Media Type	Media Format	Price Rate per page	Production Price
Text	Scan/Image PDF	\$0.08	# of print pages x production rate + \$20 processing fee
Text	OCR'd PDF	\$0.29	# of print pages x production rate + \$20 processing fee
Text	Styled Word DOC	\$0.32	# of print pages x production rate + \$20 processing fee
Audio	**DAISY	\$20.00	\$20 per title   sent via disc <b>**Service offered to Georgia members only**</b>
Text	DAISY Text Book	\$0.37	# of print pages x production rate + \$20 processing fee

AMAC also produces additional media formats including Standardized Publisher PDF and MathML.  
Contact AMAC for additional media information.

**Scan/Image PDF-** This is a PDF file that has been created from a scan. This media is normally used for graphical books (ex. Comics) because the OCR job would be to prone for errors based on fonts used.

**OCR'd PDF –** This is a PDF file that was created from the title being bought, chopped, and scanned. Then OCR is performed on the title. The OCR process will identify tables, images, text, and create a logical reading order on the page. This PDF will also contain renumbered pages, bookmarks, tags (not corrected), language set, usable file size, and tested with assistive technology.

**Styled Word DOC –** This is a Microsoft word document that will contain a logical reading order, navigation including heading levels 1-3 and book page numbers, alternative text on relevant images, language set, usable file size, and tested with assistive technology.

**DAISY-** Titles are Daisy format (Audio only), with a physical person reading the book. The Learning Ally titles come on physical media such as CD or DVD. **\*\*Note: This service is offered to Georgia members only. \*\***

**DAISY Talking Book-** This is a Daisy Talking Book (Text Only) that will contain a logical reading order, navigation including heading levels 1-3, alternative text on relevant images, language set, usable file size, and tested with assistive technology. **\*\*Note: By special request only\*\***

### AMAC FY12 Braille Price and Description Information

Braille Media Type	Standard Price	Deluxe Price (10%)	Premium Price (25%)	Production Subtotal
Braille - Computer	\$6.34	\$5.71	\$5.39	production rate * # of braille pages
Braille - Foreign Language	\$6.34	\$5.71	\$5.39	production rate * # of braille pages
Braille - Illustration	\$6.34	\$5.71	\$5.39	production rate * # of braille pages
Braille - Literary	\$4.67	\$4.20	\$3.97	production rate * # of braille pages
Braille - Math	\$6.34	\$5.71	\$5.39	production rate * # of braille pages
Braille - Music	\$6.67	\$6.00	\$5.67	production rate * # of braille pages
Braille - Science	\$6.34	\$5.71	\$5.39	production rate * # of braille pages

The above pricing is considered an estimate and could change based on complexity of request.

### Additional benefits to AMAC Membership

#### Student Accommodation Manager (SAM) Discount

The Student Accommodations Manager Version 1 (SAM V1) is a secure, web-based database application designed to help postsecondary Disability Service Providers manage student data, disabilities, accommodations, case notes, and much more. SAM V1 is developed and hosted using Intuit's QuickBase and follows a software-as-a-service model where there is no software to install or server to manage or own. Essential functions such as system availability and backups are provided for you. Predefined reports as well as a powerful report writer allow you to quickly and easily find, filter, and transform data. SAM V1 can also serve as a forms repository and auto-generate accommodation notification letters. For institutions, SAM V1 offers a viable multi-user, web-based solution. For more information visit the following URL [http://www.amac.gatech.edu/wiki/index.php/SAM\\_V1](http://www.amac.gatech.edu/wiki/index.php/SAM_V1).

- Discount Pricing: Premium and Deluxe memberships receive **25%** price discounts (\$450) on the annual application license price. The FY12 annual application license price is \$1,800 (\$1,350 discounted). AMAC Premium and Deluxe members will receive a \$450 discount each year.
